

Scholarship

Large Underground Concept Experiments

LUCOEX

LUCOEX is supported by Euratom's 7th Framework Programme and addresses four large scale demonstration projects representing four European concepts for Final Disposal of High-level Long-lived Radioactive Nuclear Waste.

Up to year 2014 LUCOEX will announce the following scholarships, which aim at training and dissemination of obtained results on a European level. Each scholarship will cover travel, lodging and daily allowance to and from and during each event.

Detailed information on LUCOEX, scholarships and application guidance can be found at the website
