

# Rolls-Royce

Rolls-Royce nuclear heritage spans over 50 years. We offer extensive expertise to the civil nuclear market, including work related to licensing and safety reviews, engineering design, supply chain management, manufacturing, installation and commissioning of nuclear island systems and equipment, as well as operational management and through life support.

Additionally, we provide technical services in the UK and US civil nuclear markets, as well as safety critical instrumentation and control systems in Europe, the US and many other international markets, including all 58 operating nuclear facilities in France.
