10th ENEN PhD Event & Prize 2016

In the framework of ENC 2016, the European Nuclear Education Network (**ENEN**) Association, in cooperation with the Joint Research Centre of the European Commission, is organizing the 10th ENEN PhD Prize 2016.

The objectives of the ENEN PhD Event are:

- to provide a forum for PhD students to present their research work to their fellows and colleagues in a friendly but competitive spirit,
- to promote the research work of PhD students in the nuclear fields, in particular experimental work,
- to set up a bridge between PhD students and professionals in the nuclear field.

Participating PhD students are either studying or working at the ENEN Members in any nuclear field, or completed their PhD studies at an ENEN Member after the application deadline of the previous ENEN PhD Event, i.e. 16 February 2015.

At this event 12 PhD students will present their research work. They have been nominated by ENEN Members and selected by the ENEN PhD Prize Jury.

All presentations will be judged by the Jury members on the submitted paper as well as on the quality of their presentation and on the clarity in the discussion while answering the questions and discussions. Three best presentations will be awarded the ENEN Prize.

The Award Ceremony of the ENEN prize will be held during the closing session of the ENC 2016 conference on Wednesday 12th October.

Tu 19.30 Conference Dinner in the 'Forteca'

The ENC 2016 Conference Dinner will take place on Tuesday 11 October 2016 in the 'Forteca', a former fortress which is located in the beautiful park of Traugutt. The fortress was built between 1852 and 1854 on the southern foreland of the Warsaw Citadel. Its task was to guard the citadel from the side of New Town and also to defend the seasonal bridge over the Vistula River. It kept its role of control of the Vistula river bank for many years until it was privatised in 1999.

Buses will leave at 19.00 from the Hotel Sofitel Victoria

Return expected as from 22:00 on
