

2006 INTERNATIONAL MEETING
ON LWR FUEL PERFORMANCE
NUCLEAR FUEL: ADDRESSING THE FUTURE
22-26 October 2006 - Salamanca, Spain
CALL FOR PAPERS

Bringing together nuclear fuel professionals from around the world to share experiences, exchange views and discuss the latest developments – that is the aim of **TopFuel, the international meeting on LWR Fuel Performance**.

The TopFuel 2006 Programme Committee is calling for both oral and poster presentations on the following topics:

- **Advances in fuel design and fabrication**
- **Fuel cycle strategies and core management**
- **Security of supply**
- **Fuel performance and operational experience**
- **Fuel analysis methods and models**
- **Fuel behaviour under off-normal conditions**
- **Logistics, containers and transportation**
- **Spent fuel management (including storage)**
- **Licensing and safety requirements**
- **Advanced fuel cycles**

INSTRUCTIONS TO TopFuel AUTHORS

Authors should submit a one page, DIGITAL copy ONLY of a 400 word abstract in English and in Word format. Please use the abstract form on www.topfuel2006.org and send it to the conference secretariat at topfuel2006@euronuclear.org. The submission deadline is

15 March 2006

Authors will be notified of their paper's acceptance by **1 May 2006**. The final paper is expected on **15 September 2006**.

If submitted on time, all abstracts will be included in the book of abstracts. The full papers will be published on CD ROM after the conference.

For all further details on TopFuel 2006, please see
<http://www.topfuel2006.org>

The annual TopFuel conferences are sponsored by the European Nuclear Society, American Nuclear Society and Atomic Energy Society of Japan, rotating between Europe, USA, and Asia
